A JUDICIOUS INQUIRY

A well known traveling man who visits the drug trade, says he has often heard druggists ask a customer, who wished to buy a cough medicine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it and for colds, croup, and whooping cough it is unsurpassed.

THEY APPEAL TO OUR SYMPATHIES

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach, give them a trial.

WHY THE PRICES? HOW CAN YOU DO IT? GOING OUT OF BUSINESS?

These are some of the questions asked regarding our special sale. Some say I wonder if Bradford is forced to put on such a sale as he has. Selling his merchandise at the prices he is now doing. In the first place you never knew of the Bradford Store putting on a special reduction sale that he did not slash the prices to the bottom. We do not believe in trying to fool the people. Second, the goods belong to us and no one else and we claim the right to sell them at any price we desire. Our stock is large and very complete and if we should choose to sell as much as five thousand dollars worth of furniture and carpets at a net loss to us of one thousand dollars it will be no ones affair but ours. The prices we are making on high quality furniture is causing a great deal of comment. Come and buy what you are going to need for the spring. We will hold the goods for you. Get the benefit of this greatest money saving proposition on furniture for years.
